

WARNING

Do not exceed GVWR or GAWR (including blade and ballast) as found on the driver-side door cornerpost of the vehicle.

NOTE:

When sold as original equipment, Western® plows are furnished with 3/8" cutting edges. If installing a 1/2" cutting edge, **Please Note:**

- Western Snowplow vehicle application recommendations are based on original equipment. Available capacity decreases as non standard equipment and accessories are added. See Western's selection list for more detailed weight information.
- The vehicle with the Snowplow installed must comply with the vehicle manufacturers stated gross vehicle weight ratings (found on the drivers side door cornerpost of the vehicle) and front and rear distribution ratios.
- If there is uncertainty as to whether available capacity exists, the actual vehicle as configured must be weighed.

See your Western outlet for further information.
