⚠ WARNING

Do not exceed GVWR or GAWR ratings as found on the driver-side vehicle door cornerpost.

⚠ CAUTION

Read this document before installing the receiver clamp kit.

⚠ CAUTION

Use standard methods and practices when attaching spreader and installing accessories including proper personal protective safety equipment.

INSTALLATION INSTRUCTIONS

1. Park the vehicle on a smooth, level, hard surface, such as concrete. Turn the vehicle ignition to the "OFF" position and remove the key.
2. Place the U-bolt over the hitch insert. Slide the U-bolt tight against the truck hitch.
3. Install the clamp plate with the bend up and towards the spreader unit. The flat of the clamp plate is to sit on the truck hitch.
4. Install a flat washer, lock washer and nut onto one leg of the U-bolt. Tighten by hand until the clamp plate is slightly cocked.
5. Install a flat washer, lock washer and nut handle onto the other leg of the U-bolt. Tighten until the clamp is tight and the hopper is secure.
6. Retighten nut handle after five hours of use.
