⚠ CAUTION
Read this document before installing the Headlamp Extension Bracket.

⚠ CAUTION
Use standard methods and practices when attaching snowplow and installing accessories, including proper personal protective safety equipment.

INSTALLATION INSTRUCTIONS

1. Park the vehicle on a smooth, level, hard surface, such as concrete. Lower the blade to the ground, and turn the control OFF. Turn the vehicle ignition to the "OFF" position and remove the key.
2. Follow the instructions included with the headgear kit until instructed to install the headlamps. Install the headlamp extension brackets as instructed in Steps 3–5 before attaching the headlamps.
3. Attach the headlamp extension brackets to the headgear light brackets as shown, using the 1/2" x 1-1/4" cap screws included with this kit.
4. On each side, place one 1/2" washer on the cap screw that inserts into the slotted holes in the extension bracket and lift frame.
5. Attach a 1/2" locknut to each cap screw, and fully tighten the extension bracket fasteners to 75 ft-lb.

6. Complete headlamp installation as instructed in the headgear kit instructions.
